

Greetings!

Welcome to the Southwest Texas Junior College Community. We are pleased you have chosen SWTJC to meet your academic goals and hope your experience is enjoyable. Whether you are transitioning from high school, transferring from another institution, or simply continuing your education, the faculty and staff of SWTJC are excited to assist you in reaching your goals.

The Disability Support Services (DSS) office of Southwest Texas Junior College strives to encourage all students in their academic endeavors at SWTJC. As a student of SWTJC, you are eligible to receive assistance from Disability Support Services while you are enrolled. Upon eligibility approval, the DSS office will provide you with classroom accommodations, academic planning, advising, and much more. We encourage you to contact the DSS counselor at your nearest campus to apply for the upcoming semester.

To be eligible for services, you must submit an application and you may include supporting documentation. Should you wish to apply, the DSS office will instruct you on the next steps. Please contact your local DSS representative to schedule an appointment for further information.

Thank you,

Disability Support Services Staff
